

## Solar Eclipse Lemurian Seed Crystal Activation Ritual:

Take a moment to write down all of your biggest goals and greatest dreams and wishes you have for your life. *Push* the boundaries of what you believe is possible.

Choose a crystal, preferably a Lemurian Seed Crystal, and hold it in your right hand up to your Third Eye. Greet it, acknowledge it, send it love, etc. Thank it for choosing to work with you.

Hold what you have written in your mind and *push* it with your mind into the crystal. At the same time feel what it will be like to accomplish these goals and fulfill these dreams and wishes in your heart and push these feelings into the crystal as well.

When it comes time for the eclipse. Hold the crystal in your left hand pointing up toward the sun and your right hand over your heart. Ask to take down the energy of the sun THROUGH the Moon's shadow into the crystal, into your crown, and into your heart. Visualize this as a ray of golden glittering light. Let it spread from your heart into all of your cells, DNA, and auric layers.

Say this invocation or something similar:

***"From the great Creator Being of divine love and light that I am I hereby activate the program I created for my greatest goals and wildest dreams and activate all codes and seeds of light within this Lemurian Seed Crystal and within my own quantum Universal DNA to manifest the total expression of my divine Self as a Cosmic Human at this time in this place within this incarnation." Pause... "Yes. I accept this divine empowerment, activation, upgrade, and healing."***

Put yourself in a state of receptivity and really *feel* what it is like to have your dreams and wishes fulfilled while in a meditative state of receptivity.

Once the eclipse has passed, end by saying, ***"And so it is, and something more and better."*** Thank the crystal and burn the paper with your goals and dreams written down on it.

Then celebrate with some sort of sound and/or movement. Singing, chanting, toning, dancing, drumming, etc. This embodies and integrates the energies of the ceremony into your physical matrix.

The crystal you chose will NEVER lose this program you entered into it.

Meditate with it often for guidance that will lead you toward fulfilling these life goals, dreams, and wishes. Be sure to embody the *feeling* of this success when you do so.
